

Please cancel the previous version of claims 1, 5, and 8 and rewrite them as follows. Pursuant to 37 C.F.R. 1.121, the following are clean copies of the rewritten claims. Marked-up versions of claims 1, 5, and 8 are attached as separate sheets.

B1  
Suh  
D  
B2

1. (Amended) A hard coat film comprising a silicone-based hard coat layer provided on one side of a multi-layered base comprising a plurality of the same first resin film and optionally one or more of a second different resin film laminated, wherein one of the first resin film and the second resin film contains a weather-resistant resin film comprising resins selected from the group consisting of styrene-based resins, polycarbonate resins, polymethyl methacrylate resins and combinations thereof, and the other of the first resin film and the second resin film comprising an impact-resistant resin film having a Charpy impact strength of at least 10 kg-cm/cm<sup>2</sup>.

5. (Amended) The hard coat film according to claim 1, wherein said silicone-based hard coat layer is provided on said weather-resistant film of the multi-layered base.

B3

8. (Amended) The hard coat film according to claim 11, wherein said weather-resistant resin film containing an ultraviolet absorber is of polycarbonate or polymethyl methacrylate containing an ultraviolet absorber.

**REMARKS**

Claims 1-28 are pending in the present application. Claim 1 has been amended to indicate that the multi-layered base has two or more first resin film layers and optionally one or more second resin film layers laminated. One of the first resin film and the
